Sir:

This is a Supplemental Preliminary Amendment A following up on a Preliminary Amendment mailed on October 22, 2003, and a Supplemental Preliminary Amendment mailed on March 22, 2004.

The amendment explains the use of the term "list" in the context of the present invention. The motivation for the amendment is a reference to two- and three-dimensional lists in the original application, e.g. (p. 11, lines 8-10 of the substitute specification): "... items on lists of project-related resources are displayed as objects in a two-dimensional or three-dimensional space." The amendment does not add any new subject matter.

SPECIFICATION: Amendments to the specification begin on page 2 of this Amendment.

Very respectfully,

Viktor Kaptelinin, Applicant Pro Se
